My Birthday

Birthday is a memorable day in one's life. This is the day when someone was born. Children around the world have fun on this day.

Last week it was my birthday. I celebrated the day with my friends. My parents asked my friends to come to our home and have a party. My parents decorated the drawing room nicely. My father ordered a birthday cake. My mother bought a new dress.

In the afternoon, all my friends started to come. They were wearing new dresses. The cake is placed on a large table. As it was my 9th birthday, there were nine candles around the cake.

The program began. All my friends stood around the table. I put out the candles and cut the cake. While I was doing these, my friends sang the birthday song: "Happy Birthday to you. Happy Birthday to you. Happy Birthday dear Sumi, Happy Birthday to you."

My mother prepared delicious dishes. We enjoyed the food. We have a lot of fun. We enjoyed the day in joking, singing, dancing, etc.

My birthday is one of the memorable days for me. Every year I enjoy this day.
