

# My Family

I live in a small family. Our family lives in an apartment in Dhaka. There are four members in my family. They are my parents, my younger brother and myself.

The name of my father is Mr. Aminul Islam. He is well educated. He works in a bank. He is the only earning member of our family. In his free time, he writes stories. He loves listening to music of old times, too.

My mother's name is Maleka Banu. She is a housewife. She looks after the family. Every day she cooks meals for us. She teaches me and my brother at home. In her free time, she loves sewing.

My brother and I are students. I am ten years old and I am in class five. My younger brother, Reza is eight years old and he is in class three. We play together. We like to watch the cartoon on TV.

We are really a happy family. I am very proud of my family.
